## At Board of Trade Meeting

## Request More Grain Cars For Vulcan-Kirkcaldy

At a recent meeting of the Vulcan District Board of Trade, held in the Legion hall, it was decided to write the Canadian Wheat Board to have more railway cars made available for moving wheat from Vulcan and Kirkcaldy elevators and to raise the present quota of five bushels per acre. Present large elevator storage space still has much of the 1951 crop stored and farmers have been unable to deliver even the initial five bushel quota. Many farmers have wheat laying on the ground and they are particularly anxious to get at least this portion delivered.

A request to local, provincial and Dominion governments to proclaim ducks as a pest in the County of Vulcan, due to the annual losses to crops suffered by farmers in that area, was also made at the meeting.

It was decided to have the Beef Calf show in connection with the annual Vulcan County Fair, one class being calves born in the current calendar year and another class for those born in the previous calendar year. It was also decided to have cash prizes to supplement the Grand Championship Trophy. Offers of prize money from Dr. E. M. Gee and M. R. Morrison were gratefully acknowledged. Brown MacDonald and A. A. Giles offered to act as a committee to set up classes in the livestock section, arranged to handle entries accommodation facilities and competent judges, etc.

It was also decided to bring to completion plans made some time ago for a booklet giving an economic survey of Vulcan and district.

Some AMA road signs for the district were reported still on hand and arrangements were made for them to be put up.

It was reported that Ralph Richardson had been presented with the Board of Trade cup for the best sample of hard spring wheat in the Vulcan 4H Junior Grain Club.

## ARMADA

## Armada Legion Plans Memorial Service Nov. 11

The Armada branch of the Canadian Legion held a meeting in their local hall on Wednesday, Oct. 22. The general topic discussed centred on their poppy campaign and Memorial Services. It was decided that services would be held in the Lomond Community Hall on Nov. 11 with Rev. Chapman of Vulcan in charge. Plans for a dance in the very near future were discussed and an orchestra can be secured for Nov. 10 if it will be held then. All were in favor of a "Smoker," date set for Nov. 19.

We are happy to report this week that Leon Root is home. He is not able to attend school this year but is taking his lessons by correspondence.

Mr. and Mrs. L. Stokes recently made a trip to Lethbridge where they purchased a new Chevrolet. Before returning home they motored to Shelby and various points in Montana.

Mr. and Mrs. S. Marks and family journeyed to Calgary last week end where they met Mrs. T. Marks who had just returned from a lengthy trip to Portland. On their return to Armada they were accompanied by Mr. D. Anderson and son Douglas.

Mr. and Mrs. E. Howell and Jeanette Kunkel were visitors to Lethbridge last Sunday. Glen Howell returned with them to spend the weekend with relatives. His parents, Mr. and Mrs. J. Howell, returned to Armada on Sunday to visit.

Foss Chambers has secured a position in Calgary for the winter months.

Mr. and Mrs. Art Marks and family were Sunday guests of Mr. and Mrs. M. Bakken of Vulcan.

Mr. and Mrs. R. Vaile attended the wedding of the latter's sister, Miss Marian McAllister to Mr. Aubrey Root in Calgary last Sunday.

Miss Eileen Boyd recently underwent an appendectomy in the Vulcan hospital. We extend her best wishes for a speedy recovery.

Mrs. G. Sealock was a Calgary visitor on Tuesday. She went to

## Prize Winners At Elks' Carnival

The annual Elks Carnival, held Friday and Saturday evenings of last week, again proved to be a successful and popular event, with the games and bingo receiving a good play.

The grand prize of an electric range was won by John Hunter and winners of the other prizes were as follows:

Electric lamp, Danny Mills; Electric toaster, Mrs. Olga Miller; Set of dishes, W. A. Fitzpatrick; \$15 credit note at McAskill's store, Jos. Gerding; \$15 credit note at Robinson Stores, Mrs. Wilma Marshall; Suitcase, Danny Mills; Electric Iron, Carson McKay.

The net proceeds from the carnival will go towards improvements and maintenance of the Elks Memorial Park.

## KIRKCALDY

## Local Teacher Receives Degree

Mrs. Donald MacKay and Miss Marion MacKay went by train to Edmonton on Friday night to attend the Convocation exercises at the University of Alberta on Saturday. Miss MacKay received her Bachelor of Education degree.

Mr. and Mrs. Tom Payne of Lethbridge were visitors at the home of Mr. and Mrs. A. W. Maisey Sunday night. Mrs. Payne was formerly Miss Jean Benedict, who taught at the Kirkcaldy school 14 years ago.

Recent visitors at the home of Mr. and Mrs. A. W. Maisey were Mr. and Mrs. A. J. Hume of Seattle, Wash., and Mervin Kehr of Grande Prairie.

Mr. and Mrs. Dunbar of Grande Prairie visited at the home of their son-in-law and daughter, Mr. and Mrs. A. W. Maisey last week. Mr. and Mrs. Dunbar resided in this district for many years previous to moving to Grande Prairie.

Mr. and Mrs. Joe Main went to Fort Macleod on Tuesday, motoring to Carstairs on Thursday to attend the funeral of the former's father, Albert Main, who recently passed away in a Calgary hospital. They returned home on Sunday.

Mrs. Otto Hagg underwent a major operation in the Galt Hospital at Lethbridge last Friday. Friends of Mrs. Hagg wish her a speedy recovery. Otto Hagg has been staying with relatives at Coaldale during his wife's confinement.

The Busy Bee's Girls Club met on Thursday night at the school. Arrangements for the Box Social to be held at Alston school on Friday, Nov. 14 were completed.

The next meeting will be held at the school on Saturday afternoon, Nov. 15.

## Audience Enjoys Films and Talk, Tree Planting Car

The Canadian Forestry Association's Tree Planting Car visited Vulcan Tuesday, November 4, 1952. Some 60 people enjoyed an educational and entertaining program in the railway coach Tuesday evening. The program opened with a film, West Coast Playground, which took the audience on an imaginary trip to Canada's scenic west coast. This film was followed by one for the younger members of the audience, called Three Bruins on a Spree. Kenal Big Game, a film showing some of the fabulous hunting to be found in Alaska, completed the first part of the program.

R. A. Evans, who is in charge of the car, then gave a short talk. Mr. Evans mentioned the importance of our natural resources in our everyday life if we are going to continue to enjoy a life of plenty.

Soil is our most precious natural resource and every farmer must take his share of the responsibility if we are to keep our soil. There are several ways a farmer can maintain his soil fertility. Proper use of tillage machinery combined with the use of commercial fertilizers is part of the story. By growing field shelter belts, that is, rows of trees at regular intervals in his grain fields, a farmer can protect his fields from the high winds and greatly increase his grain yields. These field belts also keep snow off the roads, allowing all winter travel over the roads.

Following the talk by Mr. Evans three more films were shown. They included Soil and Water Conservation, Ride 'Em Cowboy and Prairie Homes. A question period followed the program.

Trees are available, free of charge, to Alberta farmers through the Field Crops Branch of the Department of Agriculture. Any farmer interested should see his District Agriculturist for application forms and other information.

Through the co-operation of E. Kumlin, principal of the Vulcan school, a film program was presented to the senior pupils of the local school. The children from Grades 5 to 12 visited the Tree Planting Car in two groups Tuesday afternoon. The films shown to them included Birth of the Soil, Three Bruins Make Mischief and Your Forest Heritage.

The club members took part in Grain Judging, under direction of Peter Jamieson; identification of Forage Seeds, directed by Hugh Burns; and identification of Defects in Grain, under the direction of Norman Bell. Marks received by the members were added to their year's efficiency score.

In mid-afternoon, an entertainment period was provided, each club being responsible for a 20-minute program.

Opening the program, Town Councillor M. R. Morrison welcomed the visitors to the Town of Vulcan on behalf of Mayor W. D. Allen, who was unable to be present.

Terry White, president of the Vulcan 4H Club, also welcomed the visitors and expressed appreciation of the large attendance. David Shearer, president of the Carmangay club, replied for the visitors.

Expressing their appreciation of the hospitality extended and thank-

ing the Vulcan Lions Club for providing the hall and lunch and otherwise contributing to the success of the day.

The Carmangay portion of the program opened with the 4H Pledge, followed by 20 minutes of outstanding entertainment, consisting of musical selections, readings and skits. The Champion club's program of readings and recitations was very well received.

D. Versluis, chairman of the Champion entertainment committee, voiced the appreciation of the members to the parents for their co-operation and encouragement throughout the year. The Vulcan portion of the program, with Warner Roebuck as master-of-ceremonies, consisted of piano selections by Wayne Cutforth and Cody Whiteside, and a "fashion show" presented by the entire club.

Should Show Wheat Samples Grain judge Fred N. Bell of Calgary complimented the 4H members on their successful Achievement Day, stating that he particularly noticed and liked the way the members themselves took part in all the proceedings. In recommending that the Grand Championship and Reserve Championship samples of wheat should be entered in the Royal Fair at Toronto he said, noting that the samples he had judged at the Achievement Day compared very favorably with samples of championship grain he had with him.

Peter Jamieson, former district agriculturist at Vulcan and now stationed at Lethbridge, expressed his pleasure at again visiting Vulcan, particularly as he had assisted in the formation of the then Vulcan Junior Grain Club.

Ross Walker, leader of the Vulcan club and chairman of the Joint Achievement Day, thanked the members of the clubs for devoting their time and efforts to the club work of preparing plots, growing the grain and particularly for preparing such outstanding individual club exhibits. The encouragement and co-operation given by the parents to 4H Club activities was appreciated by all, he said.

Other officials and visitors also spoke briefly.

Winner of the Best Grain Plot and General Efficiency awards in the Carmangay Club was Kenneth Anderson, in the Champion Club, Keith Groves, and in the Vulcan Club, Ralph Richardson. Ralph Richardson was a triple winner in the Vulcan club events, being awarded the Board of Trade Cup for the best sample of wheat in the club, the Bank of Commerce Tray for the highest efficiency score, and the Lions Club Cup for the best grain plot. A member of the club since it was formed, he is the son of Mr. and Mrs. Lloyd Richardson, and the patience and effort he has put into club work were rewarded this year by his triple win.

## Carmangay Wheat Sample Wins

## Three 4-H Junior Grain Clubs Hold First Joint Achievement Day

Attended by over 150 persons, the first annual Joint Achievement Day of the 4H Junior Grain Clubs of Vulcan, Champion and Carmangay was held in the Legion hall, Vulcan, on Wednesday, Oct. 29.

Nearly every member of the three junior grain clubs were present and competed in showing samples of grain and in the judging and other events.

The County of Vulcan Trophy for the best sample of Red spring wheat was won by Deane Lacro of Carmangay. The Vulcan Lions Club Cup for the best decorated Club display was won by the Vulcan 4H Junior Grain Club for its display of grain samples under the headings of Past (Marquis and Red-Bobs); Present (Rescue, Thatcher, Saunders, Reliance and Redman); and Future (Chinook, HCT 518 and Stewart). The Champion Lions Club Cup for the highest individual club average was also won by Vulcan. The Carmangay Lions Club Cup for the member from the three clubs having the highest efficiency score was won by Kenneth Anderson of Carmangay.

Ralph Richardson also won the Vulcan District Board of Trade Cup for the best sample of grain in the Vulcan club.

In addition to trophies and cups, cash awards were made by the Department of Agriculture of the province.

## Grain Samples

Fred N. Bell, district agriculturist from Calgary and presiding judge, commented on the grain samples, stating that for a first joint Achievement Day, the samples were of a very high standard and recommended that the top three samples from the Carmangay Club and the two top samples from the Champion club be prepared and entered in the Toronto Royal Fair as they were definitely of exhibition calibre. The Vulcan club samples, Mr. Bell said, were well prepared, had the required weight, etc., but were comprised of Thatcher wheat and because that variety lacked color they would stand little chance in the Toronto Royal.

The top six samples in each club were won by: Carmangay—1, Deane Lacro (Grand Champion); 2, Jean and Jimmy Hauser, tie; 4, David Shearer; 5, Kenneth Anderson; 6, Jean Miller.

Champion—1, Wayne Davey (Reserve Champion); 2, George Schultz; 3, Donald Schmidt; 4, Norman Leback; 5, Keith Groves; 6, Eldon Smith.

Vulcan—1, Ralph Richardson; 2, Terry White; 3, John Graham; 4, Blaine Middleton; 5, Warner Roebuck; 6, Cody Whiteside.

## Full Program

The Achievement Day started at 10 a.m. when members of the three clubs assembled and decorated their club displays. At noon, a Vulcan Lions Club committee of Harris Matlock, Clay Snow, Boyd McKay, Fred Anderson and Clay Snow, served a cold plate lunch to all the grain club members.

Ross Walker, chairman of the Joint Achievement Day and leader of the Vulcan Club, introduced the visiting officials: Fred N. Bell, district agriculturist at Calgary; Norman Bell, field serviceman of the Alberta Wheat Pool; Peter Jamieson, district agriculturist of Lethbridge; H. S. Burns, field supervisor of the County of Vulcan agricultural service board; Hugh Michaels, district agriculturist, Claresholm; and club leaders Sid Thompson of Carmangay and John Steeves of Champion.

The club members took part in Grain Judging, under direction of Peter Jamieson; identification of Forage Seeds, directed by Hugh Burns; and identification of Defects in Grain, under the direction of Norman Bell. Marks received by the members were added to their year's efficiency score.

## Remembrance Day, Nov. 11

Next Tuesday, Nov. 11th, is Remembrance Day and will be observed as a public holiday, with stores and other places of business closed for the day.

Vulcan's annual Remembrance Day Service will be held at the Armouries at 10:50 a.m. and the general public is invited to attend.

The Advocate asks its correspondents and advertisers to get their news and advertising copy in on Monday if possible. This will greatly aid the staff in getting the paper out on time early Thursday afternoon, and will be appreciated.

## Completion of Scout-Guide Hall Is Lions' Project

A new project of the Vulcan Lions Club will be the completion of the Scout-Guide Hall, it was decided Monday evening of this week at the regular Lions Club meeting.

Construction of the 22x50 ft. hall located near the curling rink, was started about 18 months ago. Of the estimated cost of \$3,000, some \$2,100 was raised by donations from the public with the I.O.O.F. lodge handling the work of canvassing. The unsatisfactory harvesting conditions of last fall made it impossible to reach the objective and work on the hall has been more or less stalled since that time for lack of funds. Some weeks ago the Lions Club offered to pay for the siding for the building, and have now as one of their community betterment projects, decided to completely finish the building at a cost of about \$900, including the price of a new heating unit.

Volunteer workers from the I.O.O.F. and Lions Club have been busy nailing on the siding the past week and work parties are now being organized to finish the interior.

The hall, complete with kitchen and storage room, will now soon be available for the use of the Scouts, Guides, Brownies and Cubs.

## Arrange Calhoun Vaccination

Now

Recently circular letters and cards pertaining to calhoun vaccination against Bang's disease were mailed to all farmers in the Vulcan County by the Agricultural Service Board and to the farmers in the Municipal Districts of Argyle and Bright from the District Agriculturist's office at Claresholm. These circulars were sent out to remind stockowners that it is time to make arrangements to have this work done and to point out the advisability of commencing to vaccinate all heifer calves that are to be kept for breeding purposes. If you did not receive a card and circular through the mail and reside in the Vulcan County, kindly contact H. S. Burns at the County office in Vulcan who will arrange to have one of the participating veterinarians do this work for you. If at all possible, if you reside in the M. D. of Argyle or Bright and did not receive a card in the mail, contact the District Agriculturist's office at Claresholm, phone 107, and we will pass the information on to the veterinarian who will be working in your district.

If we have a record of the stockowners who wish to have this work done beforehand, it enables the veterinarians to plan their work so that no stockowners in the district will be missed.

As soon as cattlemen are in a position to know how many calves they want vaccinated and the approximate date when they will be ready, we would ask them to drop this card in the mail or contact H. S. Burns at Vulcan, the District Agriculturist's office, or Dr. Graham, Veterinarian at Claresholm.

Don't let yesterday use up too much of your today.

## You'll be amazed at the LOW price of BUICK

Today's market conditions are the kind in which Buick really shines.

Do you know why?

Buick prices start down within easy reach of the folks who, in the past, have been in the habit of buying lower-priced cars.

Fact is—a big chunk of Buick sales now comes from the folks who trade in one of these lower-priced cars.

For very few extra dollars, they're getting a lot more automobile.

They're getting more power—and the thrill that goes with it.

They're getting "big-car" comfort. They're getting a ride that cost a million dollars and more to develop.

They like the room, the fabrics, the extra appointments they find in the smart-stepping beauty pictured here. And they like Dynaflow Drive.

WHY pay more for less automobile value, when you can purchase a Buick for less?

## Champion

Mrs. Emily Fraser spent Sunday afternoon in Calgary visiting her daughter Gloria and Mr. and Mrs. Walter Smith.

Mr. and Mrs. Donald Clifford and Jack Howerton were Milk River visitors on Sunday. Mrs. Clifford and Jack returned to Champion in the evening, Donald remaining in Milk River.

On Thursday evening, Oct. 30, 89 Primary children and their parents met for a combined Primary Family Night Program and Halloween Party in the L.D.S. Recreation Hall. The program was introduced by Emma Smith and each teacher presented and introduced the program for her class: 2nd Smith, the Trail Builders; Elva Smith, Home Builders; Edith Griffin, Co-pilots and Emma Smith the beginners. Certificates of graduation and completed Bandlos were presented to Marjorie Little and George Schultz, who were congratulated upon completion of their requirements by Branch President, Fred Puzey. While the children dressed in their gayest and spookiest and prepared to parade in true Halloween horror, the parents were invited to inspect the display of children's work and teaching aids. The remainder of the evening was spent in games and dancing after which lunch was served under the direction of Elva Smith and Audrey Ellis.

Mr. and Mrs. Frank Little and family were Lethbridge visitors on Thursday of last week.

Mr. and Mrs. Dave Deal have as their guests, Mr. and Mrs. Dan Graff and little son Gregory, Mrs. Deal's brother and sister-in-law of Lander, Sask.

Mr. and Mrs. Dave Deal accompanied by Mr. and Mrs. Dan Graff spent the weekend in Calgary where they attended the wedding of their niece, Miss Goldie Deal.

Congratulations are being extended to Mr. and Mrs. George Hartung on the birth of a daughter, Juanita Lenore, Oct. 29.

Irl Ditto of Calgary has been a recent visitor in the district.

Mrs. Kurtain of Olds is at the present time visiting her son-in-law and daughter, Mr. and Mrs. George Baillie.

Mr. and Mrs. Hoyt are the proud parents of a baby boy, born in the Vulcan hospital this week.

Little Judy Rhodes, small daughter of Mr. and Mrs. Leonard Rhodes, suffered a broken collarbone and is at the present time convalescing at her home.

Little Sharon Rhodes, elder daughter of Mr. and Mrs. Cecil Rhodes, is in St. Michael's hospital in Lethbridge, suffering from a sinus condition.

The monthly meeting of the local W.A. met at the home of Mrs. H. Gloer, on Thursday, October 30, with a large attendance. Reports showed good progress toward the Fall Bazaar, which is to be held in December. The Association will be serving lunch at the Lion's Turkey Shoot in November.

Roll call was answered with a donation to the Bazaar Grab Box. A lovely lunch was served at the close of the afternoon by Mrs. Muri Jones and Mrs. Glen Racher. Weather permitting, the next meeting will be at the home of Mrs. Jack McDougall on Thursday Nov. 27.

Mr. and Mrs. A. E. Howerton spent Sunday afternoon in Calgary at the home of Mrs. Howerton's parents, Mr. and Mrs. F. E. Lent. Mr. and Mrs. George Hartung are being congratulated on the birth of a daughter, born last week in the Vulcan hospital.

Mr. and Mrs. Fred Sadler have left for Calgary where they will spend the winter months with their grandson, Mr. Birkens.

Mr. and Mrs. Wilfred Warren were Calgary visitors for several days last week.

Albert Orcutt accompanied by Mrs. Orcutt's parents, Mr. and Mrs. Pharis of Calgary are spending a week at Todd Creek.

Mrs. George Baillie was recently called to Kelowna, B.C. owing to the death of her brother-in-law. She returned home on Friday.

Mr. and Mrs. Oscar Sletto and Mr. and Mrs. Jimmie Anderson are holidaying at several points in the U.S.A.

Mrs. Donald F. M. Brown, the daughter of Alva Baker, and whose home is in Ann Arbor, Michigan, recently sent to her father a clipping from the paper in that city. Here are some of the highlights in that clipping.

Mrs. Brown is home demonstrat-

ion agent for the Washtenaw County Agricultural Service, with offices in the basement of the Court house. She helps with such problems as what to do when Junior becomes a behavior problem, or how to can tomatoes according to the latest methods, or how to use the material left from last year's grapes. If you're a farmer's wife, or even if you live in the city, you might call Mrs. Anna B. Brown, who would be glad to help you. She is responsible for outlining a program in continuing adult education in home economics for the approximately 960 women in the county who belong to extension groups. Nearly half of the members are farmers' wives but many live in urban areas and others are not farmers' wives living in rural areas. On the faculty of Michigan State College, Mrs. Brown works with the extension program in establishing a yearly program in five areas of home economics: Clothing, foods and nutrition, child development and parent education, home furnishings and home management. On one Sunday in October of this year a group of women enjoyed a four-day camping session at North Lake. The camp program is designed to give women a chance to relax. Other activities include Fall Achievement Day, Spring District parties and the State Homemakers Conference held at Michigan State College. Besides outlining the specific courses, Mrs. Brown is available to answer questions on home economics at any time. And she also spends about a third of her time working with 4-H girls in the county. Mrs. Brown brings a varied background to her work here. A graduate of Montana State University in Missoula, Mont., she taught home economics in Ada, O., and served with the Navy as a fleet post office clerk for 14 months during World War II. In private life she is the wife of Donald F. M. Brown who is now a graduate assistant in botany at the University. They live at 3575 Dixboro Rd.

Lael Chapter, I.O.D.E., will sponsor a Rummage and Bake Sale in the Hotel Dining Room on Saturday, Nov. 8, at 3 p.m. advt.

### CARD OF THANKS

We wish to express our gratitude to all our neighbors and friends who contributed machinery and help of every kind during my illness, also those who sent flowers, cards and gifts.

—Mr. and Mrs. Stanley Muntton and family.

### CARD OF THANKS

I wish to express my thanks to Dr. Tompkins, Dr. Gee, nurses and Hospital Staff for the kindness and care during my stay at the Vulcan hospital.

"A very valuable citizen"

When a bank manager was transferred recently a group of citizens wrote the bank in tribute to his sense of public service:

"During the time he was here, we found him to be a very valuable citizen. He always took a deep interest in our community, so we feel we have lost a valuable asset. However, we feel sure that his replacement will be made with a man of similar calibre."

A bank man, by the very nature of his work, becomes part of the life around him. During his training in various branches, and as he takes on growing responsibilities, he learns more and more about people and how his bank can help them. And he brings to his community his personal readiness to serve in any way he can.

### Anglican Guild

Mrs. E. Vosbough has been a recent visitor at the home of Mrs. Annie Roemmele. While here she visited many old friends and last Sunday she and Mrs. Roemmele motored to Claresholm to visit at the home of Mrs. Roemmele's daughter, Mrs. Tom Heinsen. Mr. and Mrs. Loren and Bill Roemmele were also visitors. Mr. and Mrs. Bill Roemmele and Mrs. A. Roemmele later motored with Mrs. Vosbough to Brooks to visit Dr. and Mrs. Anderson.

Mrs. Inga Friedberg of Castle Rock, Wash., arrived here Saturday to spend an extended visit at the home of her brother, Hakon Anderson.

The Primrose Club met at the home of Mrs. Renee Schneider on Wednesday with 12 members present. Mrs. Amella Dick won the hostess prize.

Later in the week 12 members motored to Lethbridge to attend a banquet with 12 members present. Mrs. Amella Dick won the hostess prize.

Eric Collier was the lucky ticket holder for the Harvest Hamper that was raffled off the night of the Home and School card party.

Mrs. Erling Herresvold is a patient in the Galt Hospital in Lethbridge.

A resident of the Bowville district in the early days, John Wold from Billings motored to this district with his wife to renew old acquaintances. He left here in 1910, shortly after proving up his homestead. He found the change so great that nothing at all looked familiar. He admitted being lost.

Mr. and Mrs. Tom Svanes have moved into their new home. Bowville now boasts of another thoroughly modern home.

Marvin Anderson has purchased the Wyman house and will soon be moving it to his place. This house is one of the few buildings that has been changed very little since the early days. It long marked the site of Wyman's Corner.

The monthly meeting of the Anglican Guild was held at the home of Mrs. Gerald Miller recently, a good number of members and three visitors present.

Pianos were discussed for the Tea Bazaar and Bake sale to be held on Nov. 22 in the Grange Dining Room at 3:00 p.m. Mrs. Knight was put in charge of the tea tables. Mrs. White, the bazaar table and Mrs. Collier the table of home baking.

Rev. and Mrs. Reuss of Vulcan were visitors of the day, and Rev. Reuss gave a short talk on the coming rally which is to be held in the Corral in Calgary, Nov. 23. All interested parties are cordially invited to attend. He also announced that there will be church services in the Anglican Church, Nov. 9 at 3:00 p.m. Mrs. E. Risler, President of St. Augustine's W.A. of Lethbridge, was also a guest at the meeting.

The hostess prize was won by a visitor, Mrs. Reuss of Vulcan. In conclusion the hostess, Mrs. G. Miller, served a dainty lunch to all present.

### East Hospital Auxiliary

The October meeting of the E.H. A. was held at the home of Mrs. A. McMillan with 11 members and three visitors present.

A matter was brought to the floor as to what would be done with the money that was realized from their recent bake sale, which was \$18.45. A motion was made by Mrs. Teskey and seconded by Mrs. Thompson that the curtains in the doctor's office which were made by the Central Aux. be paid for out of this money. Carried.

After a lengthy discussion on refurnishing of the east room it was decided it more practical to purchase some needy equipment for the hospital. A committee was appointed to approach the doctor to

find out what would be more practical and yet be a benefit to the community. Mrs. Rene Burns gave a report-as to what the Central Aux. has purchased this summer toward the hospital. A number of articles have been given to the Nurses Home, Doctor's office and the waiting room.

Mrs. Wennes Sr. won the hostess prize, after which the hostess served a tasty lunch.

Miss Marcella Cross was pleasantly surprised Monday evening when a number of ladies of the L.A.S. called on her. Father Lebel of Lethbridge was also in attendance.

The evening was spent playing games and many contests were also enjoyed. Lunch was served in conclusion, after which the ladies presented Marcella with a lovely table lamp.

These well-baby clinics are held for the purpose of weighing and measuring infants and toddlers, and discussing with parents any problems regarding feeding, training, and general care. Inoculations for Diphtheria, Whooping Cough & Tetanus, & Small-pox vaccinations are given after 6 months of age. There is no charge at these clinics, which are a service of the Foothills Health Unit.

**District News****MILO**

Oh for the life of a hunter's wife Who is left home on the farm With two cows, two kids And thirty-two pigs

To keep fed and safe and warm.

That is the story that a great many of the women of this district are telling to a greater or lesser degree. The degree depends on the number of kids and pigs, but the main story is the same. No sooner is pheasant season over than the men are all out shooting ducks and geese. Then before long that is no longer fascinating enough to hold their attention and off they go to the woods to look for bigger game. Well the first party has made the round trip and came back very empty handed but with some very good stories. Bob Umscheid, Tom Beckner and Ian Thonson are back from their jaunt into nature's autumnal glory and one of their wives said that they did not bring back stories of the big ones that got away but of the big ones they never saw. Next week maybe some more of our Daniel Boones will be back and another report can be issued.

Mr. and Mrs. Bill Caverhill and son Brian of Lacombe have been visitors for the past week at the home of Mr. and Mrs. Clarence Umscheid. Bill is down for some duck shooting and Gladys is visiting this part of the country for the first time.

Don't forget the big carnival and dance to be held in the I.O.O.F. hall on Friday and Saturday, Nov. 7-8. This event is put on by the Milo Recreation Centre for the purpose of raising money to build an addition to the curling rink. As was before stated the large cistern has been dug and now the idea is to build on a kitchen over this cistern. Such a kitchen is certainly badly needed as there are very poor accommodations for serving eats under the present conditions. And let's hope that after the new addition is built that there will be enough money left to paint the gable ends of the building. In their present unpainted state they make an otherwise modern building look very crude.

It is with regret that we learn that Charlie Carson has been in bed with a very nasty attack of the flu. A very speedy recovery is wished him.

Here is a mistake that appeared in last week's paper that should be corrected. It was stated that Mrs. Clara Morseth Rankin of Edmonton was down here visiting. Well it is true that Mrs. Rankin had a perfect right to be in the news, but she certainly was not down here visiting. Instead it is with pleasure that we announce that Mrs. Rankin is the mother of a baby boy.

Not very long ago a new road was constructed through the Buffalo Hills in a line comparatively straight west of Milo. It is to be expected that considerable money was spent on this road as it was constructed through some very difficult country. Well how many of you have been over that road lately? As is the case with many roads in this country it is built in places of straight drift sand. Now some of those places have been churned up until they are like very fine powder. The ruts are deep and the sand so loose that it would not be too difficult to get stuck in them as easily as you could in snow. Many of them are very dangerous driving hazards. Whereas the weather can be blamed for not supplying rain to pack such places it certainly cannot be blamed for not supplying ideal conditions for fixing them. A few loads of gravel would at least fill in the holes so that cars could travel in comparative safety. If it is left as it is now it will be in a terrible state to travel on all winter.

Mr. and Mrs. Wilf Bittorf entertained company over the weekend

when some of Mr. Bittorf's family paid them a visit. His brother Keith and sister Bernice along with the latter's husband Everett Dewar and small son were week end visitors.

A Halloween dance was sponsored by the Oddfellows on Oct. 31 in the I.O.O.F. hall. The dance turned out to be a hilarious affair after a number of people showed up in costume. After dancing those in costume around the hall by themselves for some time the judges came to their decisions concerning the best dressed woman and the best dressed man along with the funniest dressed woman and the funniest dressed man. Were their faces red when the best dressed woman turned out to be Johnny Webber and the funniest dressed man, Lorraine Uland. The best dressed man was Took Beckner and the funniest dressed woman, Sheila Nelson. The treasure cedar chest that has been collecting various items for use in any home was raffled off at this dance and won by Mrs. Dora Gerding.

The very good music was supplied by Fraser's of Champion. Next year there is strong talk of making the dance straight masquerade.

The Milo Students' Union held their first party of the year on Saturday night. Each student had the privilege of inviting one guest. Games were played, contests were held, and a dance supplied the final entertainment before refreshments were served. The whole thing was a big success so maybe they will try it again.

Several houses have been and are being constructed in the town of Milo. The first to start this off was Ernie Kiemele when he built his little house some time ago. Now Lawrence Clements is also building a new house and Herb Kirby is having quite a large addition constructed to his home. Both are at the end of the main street of the town and near the new school.

Most, if not all of the children of the town dressed up in various gay or spooky costumes and went around town to beg treats of the perhaps less imaginative ones who stayed indoors. These children were very thoroughly enjoyed by all of the older set and provided entertainment for the evening. However as always there were some who were children in action and it did not go well with their body size. It seems to be an accepted prank, although why it should be is not known, to tip over all the little buildings out back that it is possible to tip. As a rule there is not much harm done and they can be set up without too much trouble. But some tricky characters in the district decided to tip over the ones at the school end when they couldn't be moved by brute strength alone, they drove into them with a truck and pretty well demolished them. It is funny if you can see the point, but it is doubtful if the school board will think it is very amusing when they have to supply the \$50 or \$60 it will take to replace them. One more reason why our school tax is high.

Don't forget the Lutheran Ladies' Aid Bazaar to be held on Nov. 15. Tea will be served during the afternoon.

Now onto something that is meant to be amusing without hurting anyone. The parish priest was calling on one of his Irish parishioners who was noted for her numerous laments and complaints. Thinking to cheer her up he said, "Well, Biddy, you certainly have nothing to complain about this year. I have never seen a better potato crop."

"Faith and 'tis true", said Biddy, "but where the devil do we get the small ones to feed the pigs?"

Here's a good thought anyway you look at it: Always look up with a smile. Never look down with a frown. It takes a good fish to swim upstream, But any old fish can swim down.

**ARROWWOOD**

Mr. and Mrs. W. Bleumer and son Howard from Dinmore, Sask., spent the weekend with their daughter, Mrs. Gordon Newby recently.

Mr. and Mrs. Vic Kilpatrick and daughter Vickie spent the week end with Mr. and Mrs. Ray Helm. We are sorry to learn that Pete Brown is confined to hospital at Vulcan. Also Mrs. Shorty House had her appendix out and is in Vulcan Hospital. We might say though, that Darwin Williams is making his recovery and has had the casts taken off his legs and in a short time will be able to walk again.

Tom Henry and boys of Calgary were visitors in the district last week doing a bit of hunting, also renewing old acquaintances there. Mrs. Newby (Doreen Hill) and son are visiting with Doreen's par-

ents, Mr. and Mrs. Boon Hill.

Quite a number of the people from Arrowwood district attended the Union Jack Ladies' Chicken Supper and enjoyed a very good meal.

Several of the ladies of the United Church group dropped in on Mrs. Frank Hall last week. The ladies have been having Hobo Teas and if you are called on you must go just as you are so 30 of the ladies dropped in on Mrs. Hall. Mrs. Hall served them all with a big dish of delicious stew which was cooked out of doors in a large iron kettle over an open fire. Lots of fun was had by all and it was really a Hobo Tea, cooked outside, and stew at that.

**EASTWAY**

Mr. and Mrs. Cecil Devitt and family of Standard spent Sunday with Mr. and Mrs. Ivo Love.

Mrs. Percy Baldwin spent the past week with her son-in-law and daughter, Mr. and Mrs. Emerson Brown in Calgary.

Dale Wyatt entertained a number of his friends at a Halloween party last Friday evening.

Mrs. Helen McKenzie and her children Eddie and Alma May of Carlsbad visited relatives in the district over the weekend.

Mrs. N. Johnson and Harold spent the weekend at the Stanley Kane home near Belesker.

Kenneth Grondin of Calgary spent the weekend at the Ed Grondin home. On his return to Calgary he boarded a plane for Vancouver. He will join his parents in White Rock where he has a new job.

Mrs. Yvonne Hellevang is recovering nicely from an appendectomy she recently underwent in the Vulcan hospital.

Bernard Sulter took up residence in Calgary on Sunday. He commenced a course at Tech on Nov. 3.

Mr. and Mrs. W. Marshall left Oct. 31 with truck, house trailer and horses to spend a holiday hunting in the foothills and mountains.

Ruth Marshall is visiting with Mr. and Mrs. Chester Marshall in Vulcan.

Norman Marshall is working in Chilliwack, B.C.

George Catley of Craven, Sask., was an overnight visitor at the home of his cousin, Howard Tharlie last week. He was on his way home from Nelson, B.C. where he spent a month visiting his son Lloyd and family.

**MAJORVILLE**

Mr. and Mrs. Hap Heather have taken up residence in the house vacated by Ernie and his family in the summer. Hap has rented Alf's holdings for the coming season.

Alf Heather injured his back while doing some cement improvements around his home and had to spend a few days in High River taking treatments. Reports are he is coming along fine.

Mrs. Bennett Dew's mother, who had been visiting her for ten days, has returned to her home in Vancouver.

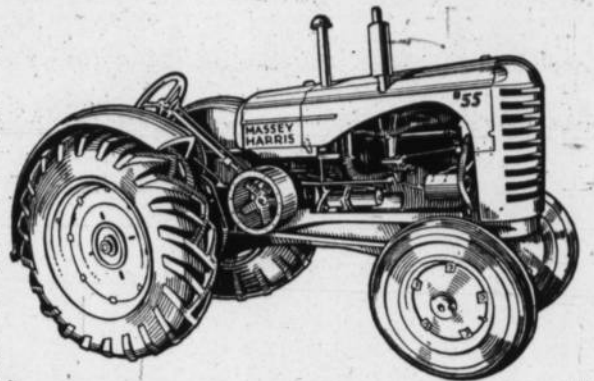

Neighbors will be sorry to learn Bennett Dew is a patient in Basano Hospital, a victim of stomach ulcers. We send best wishes for a speedy recovery.

The flu seems to have struck the neighborhood as quite a few families have been affected. Dorothy Winch spent five days in Vulcan hospital, a victim of the malady, but we are glad to report Dorothy is home again and fully recovered.

## LETTER TO THE EDITOR

Editor,  
The Advocate.

Just a few words on wildlife and the duck situation. Go farther north and cultivate strips of land where it is suitable to grow grain so the ducks can get something to eat there. Then I don't think the ducks will bother the farmer till the crop is safe as the ducks will stay as long as they can get something to eat there.

I think that all birds have their part to do in the summertime as they live on flies and feed them to their young and I don't think any person could live without them. I have been north 20 years and watching the birds and I can feed them out of my hand. They come to the same place every year and raise their young. I have seen the same birds for 15 years here.

As far as irrigation goes, we have been making places for ducks and now there should be no water in them in the fall or wintertime. If the ponds were emptied in the wintertime I don't think the ducks would be any trouble.
